WORK EXPERIENCE

VDMT STORE — Online Retailer

designer | may 2022 — ongoing

Developed innovative and attractive designs for a variety of products within the online store and produced high-quality mockups.

Managed and maintained the company website, ensuring a visually appealing and user-friendly interface.

Contributed to the creation of a cohesive and visually appealing brand image for the online store.

BIC GROUP — Advertising Company

designer | sep 2021 — feb 2022

Developing outdoor advertising in alignment with brand standards.

Ensuring consistent visual branding across company materials.

Simultaneously managing multiple projects to meet organizational objectives.

FREELANCE

graphic designer | nov 2019 — sep 2021

Established corporate identities for businesses, including logo development, color selection, typography, and design of corporate materials.

PROJECTS

CATHUB

full-stack developer | 2023

Created a Facebook-like social network that contain the following features: followers, profile, posts, groups, notification, chats. Golang is used for the backend, Next.js and Typescript — for the frontend.
